

Eatontown Pollinator Garden Challenge

The borough of Eatontown is having a pollinator garden challenge.

All Eatontown residents are eligible to participate.

Participation in the challenge is simple. Just send an email to EatontownPollinator@outlook.com, indicating that you intend to participate (along with your name, address, email and phone number). At the end of the summer, send a photo of your pollinator garden and list of plants to the email noted above.

Depending on participation level and interest, there may be additional activities such as plant swaps, educational talks on pollinator gardens, and garden tours.

If you already have a pollinator garden, please let us know and we'll add your garden to our website. Send your contact info, garden photo, list of plants and garden size (in square feet) to EatontownPollinator@outlook.com.

If you don't have space for a garden at your residence, you can get a plot at the Eatontown community garden for a relatively small fee. Download the registration form at <http://eatontownnj.com/community-garden-advisory-committee/>.

General information about pollinator gardens can be found at <https://github.com/sfratini33/eatontown-pollinator-gardens/wiki> or if you are typing in the address, use tiny.cc/zdkqtz.
